

## SON LE

30 Vanevery St, Etobicoke, ON | M8V 1Y6

Cell: (416) 835-0938

[Leson238@gmail.com](mailto:Leson238@gmail.com)

---

Enthusiastic, hard-working, result oriented back-end/ mobile developer and an active learner. Fluently in multiple programming languages and experienced with their popular frameworks.

Please take a look at my [website](#).

## SKILLS

---

- JavaScript (with React and React Native)
- NodeJS (with Express and websocket)
- Python (Data Analytic, Machine Learning and Flask framework)
- C# (with ASP.NET and Unity)
- Java (with libGDX and Android Studio)
- C++

## WORKS

---

***Weather App:*** A simple NodeJS web app using location geocode API for weather forecasting.

- <https://sonle-weather-web-server.herokuapp.com/>

***Task Manager API:*** A RESTful API using express with NodeJS and MongoDB for user registration and data manipulation. Tested with Jest framework:

- <https://sonle-task-manager.herokuapp.com/>

***Realtime Chat App:*** NodeJS realtime chat room using express and websocket.

- <http://sonle-chatapp.herokuapp.com/>

***Resume website:*** A React based resume with express server.

All source code can be found on my [github](#).
